SUGAR'S SONG AND DANCE

It Was the Chief Attraction on the Stock Exchange Stage.

OTHER SPECIALTIES KEPT TIME

Havemever's Eluff of Shutting Down the Refineries Regarded as a Jobbing Trick-Grangers Were Lively, too, and Coalers Didn't Stay Far Behind-Few Declines.

New Yose, Dec. 1 .- After an irregular opening the stock market assumed a desidedly strong tone, and under the leadership of Sugar the netive list and many of the specialties novement steadily to the close, the final sales being in most instances at the highest point of the day. The absence of any pressure to sell induced the short interest to cover, and the announcement made officially that the sugar trust had shut down merely for a few days led to a sharp buying movement in the shares of the company.

ment in the shares of the company.

In many quarters it was believed that the action of President Haveneyer was a stock jobsing anachine, engineered for the purpose of shaking out weak holders as well as to make a quick turn in the stock. Under these circumstances, after an opening reaction of 5. Supar shares rose sharply 2., per cent., closing within 2 per cent. of the highest and at an advance on the day of 1% per cent.

There was good buying in the grangers, all of which reached the top in the final sales, St. Paul scoring a gain of 1% on heavy covering. Exclination, h. Northwest, J. and Rock Isimol, 3 per cent. The conlets moved up in sympathy with the general list, Reading establishing an advance of 1 per cent. Lackswanns a similar figure, New Jersey Central and Delaware and Hudson each 3, and Morris and Essert 2. Lake Shore recorded an advance of 1%. Tobaseo and Consolidated Gas 1%, Loudwille and Nastoville and Oregon Navigation 1, Facilie Mail 3 on buying induced by the favorable September statement, and National Lend. duced by the favorable Soptember statement, and Voledo, Ann Arbor, and National Lend

other gains were in the smaller frac tions, there boing some few exceptions in which declines were recorded, including Edison. Electric of New York, 1%; Alton and Terra Hauto, Opeyor Improvement, and Cotton Oil Heatte of New York, 15; Alton and Jerre Haute, Operor Improvement, and Cotton oil preferred, and Distilling, 4. Chicago Gas opened is lower, advanced is, broke I, recovered is, and closed is per cent, from the highest and is below yesterday a final figures.

RED. TENDENCY OF LOCAL STOCKS.

Investors Did Little or Nothing During

the Past Week. The market is irregular, with a tendency on the part of those interested to do little or nothing. The investment demand for our vember is generally a fair investing mouth, and the past four weeks simply reflect the quiet conditions prevailing everywhere else.

United States bonds are neglected; the New York market has absorbed all the floating supply, the fours are up 1 per cent on the domand of New York taxpayers, who at this season hold them to escape taxation.

Pive hundred Washington and Georgetown per cent, sold at 136; 1,000 Eckington 6 per cent. at 163; 1,000 Metropolitan Railroad a per cent. at 162; and 1,000 at 103. The above prices are fair, and transactions would be heavier were bonds offered.

West End National Bank stock was again active, nearly 100 shares changing hands at 106 to 105%; closing at 106 bid.

The stock is firm and in demand on erports of especially good earnings.

There is no feature in Electric Light. Sev eral buyers are in the market at a concession below what holders demand. The closing quotation is 128% bid.

A better demand for Lincoln Fire Insurnce develops but little stock in sight; pur-hasers of fractional lots paid as high as 8.

Several lots of Gas stock sold at 47%, a declins of 1/2 per cent from week previous,
At prevent figures some little investment demand appears. One hundred Gun Carriage
were delivered at 30 and 100 at 25. The
trading seems to be about out of this "once
trading seems to be about out of this "once promising specialty." A small lot of Metro-politan Enground sold at 75. There is no demand for it at present.

Mr. John L. Weaver, of Barnes & Weaver, has been elected a director of the Riggs Fire Insurance Company.

Columbia Ballroad has declared a dividend

Semi-annual interest on Chesakeake and Potomne 5 per cents and Washington Light Infantry 6 per cents is payable December 1.

About 41,000 Electric Light 5 percents have not yet been converted into stock.

The Stock Exchange is having a lively debate over the question of a change of quarters. ---

The Doctor, the Architect, the Public. A physician's prescription is an empirical formula intended to alleviate abnormal physical conditions indicated by a scientific diagnosis. The prescription being written in characters incomprehensible to the layman, he is content in his avowed ignorance to ab-

he is content in his avowed ignorance to ab-stain from an attempt to inquire into the rationale of the diagnosis.

An architectural design is a scientific, log-ical deduction from certain fundamental facts unfortunately presented in more or less artis-tic form. This form conveys an idea to the intelligent mind of varying artistic merit. The more obtuse the observer the better he will like it. To critically place it at its true value like it. To critically place it at its true value requires analytical accumen of the highest order. Hence it is that men select their phyricians, lawyers, engineers, etc., by consulting the opinion of experts as to professional merit, or, what is equivalent to this, by their reputation; but they can judge of the of an architect by their likes and dishkes of his drawings.—L. Eidlitz in the Architectural

CONCERNS OF THE DISTRICT | Ladies' Solid Gold

Commissioners Preparing Their Report for Submission to Congress.

IMPORTANT MUNICIPAL ITEMS

Municipal Building Proposed—Four Hundred Thousand Bollars Added for Schools-Additional Building Inspectors Needed for Efficient Service-Garbage Crematory.

The near approach of the meeting of Congress entailed upon the Commissioners the task of completing their report, and yesterday was devoted exclusively to that work.

The estimates for District appropriations

the Capital City. The appropriation asked for will be insufficient, but it will make a fair start toward providing a much-needed im-

There is an item in the estimates of \$400,-000 for added school facilities. It includes \$100,000 for each of two new high school buildings, one in Georgetown and one for the Business High School. Two additions to the number of eight-room schoolhouses are asked for, and additions to ten others, the appropriations ranging from \$1,500 to \$29,000. These increases are based principally apon the careful estimates made by the board of trustees, as incident to the growth of the

hool population. Four additional inspectors of buildings are estimated for. These, the Commissioners urge, are required for the purpose of having more frequent inspections made of buildings in course of construction, in order that the safety of the public may be secured against the dangers resulting from imperfect con-

One hundred and twenty thousand dollars

is solicited for raising the height of the dam at Great Falls and for providing against damages from floods. The inndequacy of the present appropria-tion for the garbage service, the Commissioners say, has apparently forced the con-tractor into insolvency, given great dissatis-faction to the public, and a menace to health has resulted. They sak for an appropriation of \$40,000 to be used for the removal of garlage, and \$20,000 to provide a garbage erematory upon such improved blan as may crematory upon such improved plan as may be satisfactory after due lovestigation. The Commissioners want authority to enter into a five-year contract.

The bill now pending in Congress for re-

ducing the price of gas to \$1 per thousand feet will continue to receive the Commissioners' sanction and support. The measure passed the House at the last seasion, and is among the bills to be considered by the Sen-The bill authorizing a loan of \$7,500,000 for

the extension of streets and sewers will be strongly advocated at the coming session. In strongry havocated at the coming season. In case the measure falls of adoption the Com-missioners will urge more liberal appropria-tions for sewers, in order that the extensive improvements needed and now contemplated can be in a measure accomplished. The estimate for street lighting is consider-

ably increased over the current appropriation. The Engineer Commissioner fluids the necessities much greater than can be adequately met with the funds at command, and street

met with the funds at command, and street lighting is cortailed in consequence.

Twenty theusand doilars is wanted for a proposed test of the Aqueduct tunnel to determine whether or not the tunnel can be made useful and at what cost.

The uniform addition of 15 per cent, to the pay of firemen is believed to be fair compensation, and if allowed will still be less than is paid for the service in other large cities. An extension of the service is also recommended by the addition of an engine and apparatus at Anacostia; one at the corner of Now Jersey avenue and M street.

The expense attendant is estimated to be at Tennslistown, and a steam engine at the corner of New Jersey avenue and M street. The expense attendant is estimated to be

sonnes of the board and the necessary ab-sence of members at times are inable to im-pede the public business. To this end the Commissioners will ask of Congress that the secretary of the board shall be made eligible to serve as a member in the absence of either of the civil Commissioners. This change will also serils the question hitherto in doubt as to also settle the question hitherto in doubt as to

the proper outdoy of the District seal.

The present mergue building is unsuitable in point of location, size, and arrangement, and a modern structure is recommended.

The estimate for the increase of the telegraph and telephone service, made with the view of extending the fire-alarm service, is deemed important by the Commissioners. A large suburban section is without adequate facilities in this particular, including Ann-cessis. S. Elizabeth Assirum the Deferfacilities in this particular, including Anacostia, St. Elizabeth Asylum, the Reform School for Boys Le Droit Park, Howard University, and all that portion of North Washington, from Seventh to Twenty-first streets, as far as the limits of Mount Pleasant: also Georgetown Heights, Tennallytown, Brightwood, and Takoma Park, Brookland, the Catholic University, and Soidlars Home. These leading items were called to the attention of the Commissioners yesterday, and they seek said no discrimination could be made as to their importance.

They are deeply interested in scouring the manicipal building, the passage of the bond bill, the chemper gas measure, the free library

bill, the cheaper gas measure, the free library bill, the school appropriations, and the pro-visions for the increase in the police and fire departments, and the garbage service, but nother of the members could say that he was able to determine which or whether either of the measures should be sacrificed for the benefit of the others. They hope to have all their estimates and measures carried success-fully through at the next season.

Building permits issued vesterday: J. W. Brown, dwelling and servants' quarters, Deanwood, \$500; William E. Hayes, dwelling, Deanwood, \$500. Nichols road, \$1,000, and Mary V. Bowen, dwelling, Jefferson street, near Taylor, Ana-

ostia, \$2,400. It was ordered yesterday that permission It was ordered yesterday that permission be given the Columbia Railway Company to construct a 12-inch vitrified lateral sewer connection in space between its power-house and carshed, connecting with sewer in Benning's road.

J. B. Troteler, a member of the police force, has resigned. His resignation was accepted, to take effect November 30.

Among the protesters against the location of the contagious diseases hospital at Pleasant Plains are the directors of the Schuetzen Park property, who filed a paper to that effect yesterday.

Thomas & Son will on Monday resume

us & Son will on Monday resume work on the northeast fire-enging house under the orders issued by the Commissioners, but they serve notice that they do so under pro-test. Future contest of the permit is pos-

de2-7t \$11 G st., opposite Patent Office.

pneumatic, cushion and solid-area Bicycle \$10 up. L. C. WAI de2-7t S11 G st., opposite Patent O Gravediggers Want an Eight-Honr Day, The gravediggers are the latest trade to claim an eight-hour day. They complain that the hours of work at Willesden are no less than thirteen. We do not know how long it takes to dig a grave, but thirteen hours a day seems to point to an alarming mortality. In this case at all events the public will desire to see the hours of labor shortened as much as possible—preferably by the diminution in the demand for graves rather than by the inverse in the nearly of the property of the propert than by the increase in the supply of graves than by the increase in the supply of grave-diggers. Moreover, the occupation, as Shakespeare shows us in "Hamlet," should be carried on in a leisurely and philosophical spirit, and this is impossible if the gravedigger is overworked. It will add a new pang to death if we know we are adding to the labors of a signal overworked. bors of an aiready overworked sexton. Philanthropists will all be cremated.—Westminster Budget.

That Famous 50c Dinner of Ours

Has become one of the gastronomic features of the town. Served and cooked in a fashion to win praise from every one. Made up of the very best the market affects. Service fully equal to that of the west end betcls. Fint of exceeding California claret served with it. We'd like to have you pass judgment on it.
